- Member - Project Management Institute (PMI)

PROFESSIONAL EXPERIENCE

Intellia AI *(Lahore, Pakistan)*

Associate *Jun 2024 – Sep 2025*

Project Lead – Financial Performance Analysis Report (Saudi Healthcare Holding)

- Analyzed extensive data to inform client on subsidiary performance, highlighting a 14% contribution to group revenue and YoY net income margin recovery from –10% to –3%, driven by revenue recovery and cost containment in core units
- Benchmarked subsidiary EBITDA against peers, identifying 10.8% margin versus up to 26.1% for competitors, driven by high fixed costs and slower revenue growth

Workstream Lead – Expatriate-led Investment into Pakistan (Board of Investment)

- Designed and executed an outreach and screening framework, assessing 250+ expats in 10 countries, scoring factors such as leadership experience, sector relevance, and investment readiness
- Developed Excel-based scenario models estimating $10-60M annual remittance flows and $25-30M acquisition/ investment opportunities, informing government-level investment strategy discussions

Company Screening Model – Agrifood Exporters (Middle Eastern Investment Firm)

- Conducted research and identified leading global producers of key commodities such as sunflower oil, soybeans, sugar, beef etc. and mapped the top five exporting countries to KSA for each commodity
- Analyzed extensive trade and market data, and shortlisted 5–10 leading companies per country based on market share, production and export volumes, trade value, and pricing, for partnership and investment consideration

Senior Analyst *Apr 2022 – May 2024*

Operational Due Diligence - UAE Bottled Water Company (PwC Secondment)

- Enabled acquisition decision making by analyzing production capacity, cost structures, sales channels, and organizational design of the target company, and identified key operational risks and efficiency gaps

Workstream Lead – Pitch Deck for Saudi Conglomerate for potential JV Opportunities

- Developed company-scoring model and identified top Chinese EV manufacturers for JV, aligned with the Saudi market
- Conducted market analysis on EV infrastructure, policy incentives, and demand to support strategic entry decisions

SkyElectric Pvt Ltd. – *Assistant Sales Manager (Lahore, Pakistan)* *Dec 2019 - Mar 2022*

- Managed end-to-end client engagements for solar energy solutions, using Salesforce and interdepartmental collaborations, achieving ~$20K average monthly revenue, and trained Business Development Officers for further revenue generation
- Promoted sales by advising clients on cost-benefit analyses of clean-energy investments

Varioline Intercool Pakistan Pvt Ltd. – *Executive Engineer (Lahore, Pakistan)* *Feb 2018 - Apr 2019*

- Improved performance of commercial chillers by optimizing design and production workflows for clients like Unilever, Nestle

Mackworth Vehicle Conversion Specialists – *Design Engineer, Placement (Derby, UK)* *Aug 2015 - Aug 2016*

- Led design and delivery of 10 commercial vehicles within schedule by coordinating with client and manufacturing teams

LEADERSHIP AND EXTRACURRICULAR ACTIVITIES

D'Angelo Library, Law School – University of Chicago – Student Processing Assistant *Feb 2026 - Present*

- Assist with book spine labeling and barcoding while maintaining accurate records, including Supreme Court orders

Hunehar (Non-Profit Organization) – Volunteer *Jun 2019 - Aug 2019*

- Organized community education initiatives and coordinated sponsorships for 50+ underprivileged children

Coventry University - Course Representative *Sep 2014 - May 2015*

- Represented a cohort of 200+ students, resolving academic concerns and liaising with faculty leadership
